# ADDING SHYLAX TEAM PAGE TO YOUR iPhone HOME PAGE

1

Go to Safari on your iPhone and login to your SHYLAX.COM account. When you are on your team page select the “upload icon”

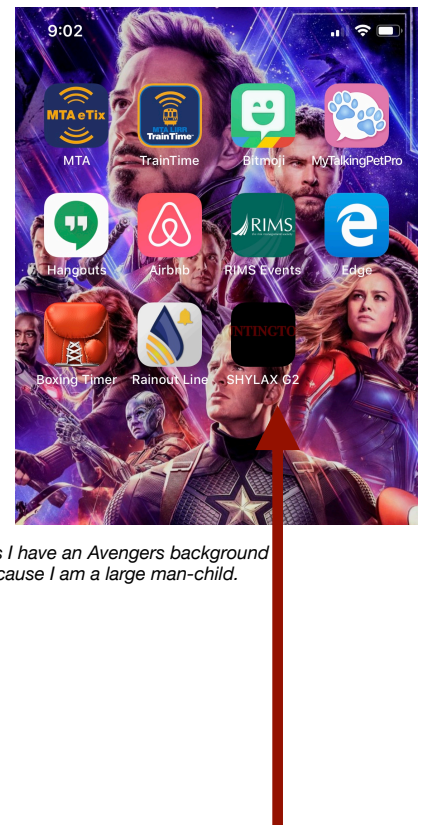

2

From the selections that open scroll to the option that says “**Add to Home Screen**”. This will bring you to your home screen and the newly created icon which you will name.

I recommend naming it SHYLAX and/or SHYLAX plus your Team Grade.

2

*Yes I have an Avengers background because I am a large man-child.*

Your new SHYLAX icon will appear on your home page and you now have instant access to your SHYLAX team page!
